# IMPORT OF RIFLES AND AMMUNITION

BMW IBU WORLD CUP BIATHLON 2018 NOVÉ MĚSTO NA MORAVĚ

## Rifles and ammunition import

**Participants from the EU member countries** have to have their European gun license and official Invitation for the event when crossing the border of the Czech Republic.

**Participants from countries outside the EU** need to have a valid firearms accompanying document for the transit of weapons or ammunition. The document can be issued only after you send a completed application on a prescribed form to a relevant CZE consulate in your country, which then issues the firearms accompanying document based on an officially verified invitation by the organizer of the sport event. The deadline for the official invitation requests & rifle import application is **19 November**.
